

## 2008 Eyes on AIDS Donation Form

We recognize that not everyone is available or able to participate in the 5k/10k walk or run, but still want to help raise funds for the children affected by AIDS in South Africa. Please consider donating a monetary amount to the Lubabalo project. This project, supported by several non-governmental organizations, addresses primary issues causing people to struggle to survive in rural South Africa: AIDS, unemployment, diet, and lack of education. All of the proceeds from the Eyes on AIDS run/walk go directly to help meet the needs of children orphaned by AIDS in Bhukwini, South Africa. The country of South Africa currently has more people infected by AIDS than any other nation. Every 14 seconds a child in Africa is orphaned by AIDS. With your help we can make a difference in these kids' lives!. Oceans of Mercy and Shoal Creek Community Church are not-for-profit 501(c)(3) organizations and all donations are tax deductible.

Any amount is welcome and appreciated! Thank you for your support!
